

CHECKLIST FOR THE USE OF ARTIFICIAL INTELLIGENCE (AI) BY REVIEWERS

Reviewers must confirm that they comply with the integrity standards of the peer review process.

1. Confidentiality and Integrity of Peer Review

- I have not entered the manuscript, extracts, data, tables or annexes into AI tools.
- I have not used AI in a manner that compromises the confidentiality of the review process.

2. Permitted Use (where applicable)

- The use of AI was strictly limited to the linguistic improvement of the review report.
- I have informed the editor of such use.

3. Scientific Evaluation

- My assessment is based exclusively on my own scientific evaluation.
- I have not delegated the theoretical, methodological or empirical evaluation to AI tools.

Final Statement

- I confirm that I have read and comply with the Journal's Editorial Policy on the Use of Artificial Intelligence, aligned with the principles of COPE (Promoting integrity in scholarly research and its publication).
